

Have you lost a loved one to suicide?

Would you be interested in learning how to cope and heal with the support of others who have been there?

The Survivors of Suicide Support Group is a judgment-free, safe space for those who are mourning the loss of a loved one to suicide. Participants have the opportunity to meet and engage with other survivors, share their story, and integrate grief as a part of their daily life. Adolescents will meet upstairs while adults will meet downstairs, encouraging all ages to engage and share their experiences with suicide in a safe and supportive environment.
